custom drawer boxes • prelaminated panels • oem manufacturing services

Drawer Boxes

Dovetail Drawer Boxes

Manufactured to your specific sizes, our dovetail drawer boxes are available in stock and custom materials. Dovetail drawer boxes are pre-assembled and may be ordered finished or un-finished.

In addition we offer dowel drawer construction, undermount guide machining and roll-out scoops.

Door and Drawer Fronts

Veneer Doors

We make custom veneer door and drawer fronts in all available domestic, imported, and man made veneers.

Laminate Doors

Since we started making door and drawer fronts in 1985, we continue to offer hard to find combinations of laminate and edge details.

Unique Styles

Our door and drawer products are never etched in stone. Bring your ideas to us. We'll do our best to make your design ideas a reality.

Custom RTA Cabinets

(ready-to-assemble and assembled cabinets)

Complete Catalog

We offer all the most popular cabinet styles for your project in stock and custom sizes. Browse from kitchen, bath and home office styles.

Flexibility

Add custom edgebanding, finished ends, specify your unique drawer guide needs... or pick from our quality standard brands.

Material Choices

Beyond standard melamine case materials, we stock plywood core melamine and plywood core pre-finished maple veneer.

Want more? We have it... call us for your laminate and special order melamine or veneer cabinet needs.

We also offer waterproof materials for laboratory and outdoor use applications.

Panel Laminating Services

We offer high quality, high volume panel laminating services for cabinetry, architecture, and special application purposes.

Our automated laminating line ensures the quality requirements of internal product lines and the custom specifications of our clients.

We laminate particle board, MDF, all grades of high pressure laminates, veneers, phenolic panels, foam and combination core builds.

Additional Options: Type 2 and Type 3 gluelines, panel trimming, cut-to-size services.
